

The next document is:

## **WSD (Wireframe Specification Document)**

### **ScrapFlow AI – Version 1.0**

This is the final planning document before actual development.

Unlike UXSD, which explains screens conceptually, WSD defines:

Exactly what appears on every screen

Exactly which buttons exist

Exactly which tables exist

Exactly which forms exist

---

### **Screen 1: Login Page**

#### **Purpose**

Authenticate users.

---

#### **Components**

Logo

Email Input

Password Input

Login Button

Forgot Password

Register Link

---

## Layout

---

## Screen 2: Register Page

### Components

Name

Email

Password

Confirm Password

Register Button

---

### Screen 3: Dashboard

#### Purpose

Business overview.

---

#### KPI Section

-----

Today's Profit

₹12,500

-----

Today's Sales

₹18,000

---

Today's Expenses

₹5,500

---

Inventory Value

₹2,50,000

---

---

### Charts Section

Profit Trend

Revenue Trend

Expense Trend

---

### Recent Activity

Recent Sales

Recent Expenses

Recent Batches

---

## Screen 4: Collections Journal

### Purpose

Track collection activity.

---

### Form

Date

Location

Collection Cost

Fuel Cost

Notes

---

### Actions

Save

Edit

Delete

---

## Screen 5: Batch Management

**Purpose**

Manage batches.

---

**Batch Table**

Batch ID

Date

Cost

Fuel

Status

Actions

---

**Actions**

View

Edit

Delete

---

**Screen 6: Batch Details**

**Sections**

**Batch Information**

Batch ID

Date

Status

Collection Cost

Fuel Cost

---

**Materials**

Copper

Steel

Plastic

Aluminum

---

**Expenses**

Fuel

Maintenance

Transport

---

## Screen 7: Material Entry

### Purpose

Add segregated materials.

---

### Form

Batch

Material Type

Weight

Add Material

---

## Screen 8: Inventory

### Purpose

View available stock.

---

### Inventory Table

Material

Available Weight

Estimated Value

Last Updated

---

### Example

Copper

120kg

₹96,000

---

### Screen 9: Buyers

#### Purpose

Manage buyers.

---

#### Buyer Table

Name

Phone

Address

Total Purchases

---

#### Actions

View

Edit

Delete

---

## Screen 10: Add Buyer

### Form

Buyer Name

Phone

Address

Notes

---

## Screen 11: Sales

### Purpose

Record sales.

---

### Sale Form

Buyer

Material

Quantity

Price/Kg

---

### Auto Calculation

Total Amount

---

**Sales Table**

Date

Buyer

Material

Quantity

Revenue

---

**Screen 12: Expenses****Purpose**

Record operational expenses.

---

**Expense Form**

Expense Type

Amount

Notes

---

**Expense Table**

Date

Type

Amount

---

### **Screen 13: Reports**

#### **Purpose**

Generate reports.

---

#### **Report Cards**

Profit Report

Inventory Report

Sales Report

Expense Report

---

#### **Actions**

View

Download PDF

Download Excel

---

### **Screen 14: Profile**

#### **Purpose**

Manage account.

---

### **Fields**

Name

Email

Phone

---

### **Actions**

Update Profile

Change Password

---

## **Screen 15: Settings**

### **Purpose**

Application preferences.

---

### **Options**

Theme

Language

Notifications

---

### **Mobile Navigation**

Since most users use phones:

Dashboard

Inventory

Sales

Reports

More

---

### **Desktop Navigation**

Dashboard
